

EUROPEAN AIR WAR™

INSTALL GUIDE

There are also a few pieces of equipment that we strongly recommend you have:

- To hear the game, you must have a sound card and the requisite drivers to support DirectSound.
- To fly well, we recommend you use a joystick. We encourage the use of throttle controls and foot pedals (for the rudder) if your joystick doesn't have that capability.
- For modem play, we recommend you use a modem capable of 28.8kps or faster.

If you think you have all of these, but still have a problem running the game, please contact Technical Support for assistance.

INSTALLING THE GAME

Before you can play *European Air War*, the installation program must copy some files onto your hard disk. To have it do so, follow these instructions:

- Turn on your computer. Windows® 95/98 should load the Microsoft CD-ROM extension when the computer starts up. (If you have problems installing, this extension may not be loaded. Check your computer manuals for instructions on getting it loaded.)
- Open the CD-ROM drive, place the *European Air War* CD in it, and close the drive.
- *European Air War* is a Windows® 95/98 "AutoPlay" CD-ROM. That means that just putting the disc in the drive for the first time starts up the installation program. If AutoPlay is enabled, an AutoPlay menu should appear. If AutoPlay is not enabled, double-click on the **My Computer** icon on your Win95/98 desktop. Next, double-click on your CD-ROM icon to install the game. If the AutoPlay menu still does not appear at this point, locate the "setup.exe" file on the *European Air War* game disc and double-click on it.

Once the installation is complete, the game is ready to play.

If you selected "Yes" when asked if you'd like to run **European Air War** now, the game begins right away. If you selected "No," you can still start playing now:

- Leave the **European Air War** CD-ROM in the drive.
- When the AutoPlay pop-up menu is visible, click the **Play EAW** button.

To play later:

- Make sure that the **European Air War** CD-ROM is in its drive.
- If you checked the shortcut box, double-click on the **European Air War** shortcut on your desktop. If you did not check the shortcut box, open the Windows® 95/98 **Start** menu, then select **Programs**, then **Infogrames Interactive**, then the **European Air War** sub-menu, and then select the **European Air War** option. You can also wait for the AutoPlay menu to pop up and then click the **Play EAW** button.

Have fun!

INSTALLING ADOBE ACROBAT READER 4.0

After the installer finishes copying game files to your hard drive, you may wish to install Adobe Acrobat Reader 4.0. This program is needed to read the electronic game manual.

- To install Acrobat Reader running Windows® 95 or 98, double-click on the icon labeled **My Computer**. Then right-click the icon for your CD-ROM drive (which is usually D:) and choose **Explore** from the pop-up menu. If the AutoPlay menu is visible, you

If you or anyone in your family has an epileptic condition or has experienced symptoms like an epileptic condition (e.g. a seizure or loss of awareness), immediately consult your physician before using this Software.

We recommend that parents observe their children while they play games. If you or your child experience any of the following symptoms: dizziness, altered vision, eye or muscle twitching, involuntary movements, loss of awareness, disorientation, or convulsions, DISCONTINUE USE IMMEDIATELY and consult your physician.

FOLLOW THESE PRECAUTIONS WHENEVER USING THIS SOFTWARE:

- Do not sit or stand too close to the monitor. Play as far back from the monitor as possible.
- Do not play if you are tired or need sleep.
- Always play in a well-lit room.
- Be sure to take a 10- to 15-minute break every hour while playing.

Repetitive Strain Statement

Some people may experience fatigue or discomfort after playing for a long time. Regardless of how you feel, you should ALWAYS take a 10- to 15-minute break every hour while playing. If your hands or arms become tired or uncomfortable while playing, stop and rest. If you continue to experience soreness or discomfort during or after play, listen to the signals your body is giving you. Stop playing and consult a doctor. Failure to do so could result in long term injury.

If your hands, wrist or arms have been injured or strained in other activities, use of this Software could aggravate the condition. Before playing, consult a doctor.

Motion Sickness Statement

This Software generates realistic images and 3-D simulations. While playing or watching certain video images, some people may experience dizziness, motion sickness or nausea. If you or your child experience any of these symptoms, discontinue use and play again later.
